

# PLOVERS!

*Drop-off programming for Ages 4 & 5!*

**\*FREE PREVIEW DAY\***

January 12<sup>th</sup>, 2010 3:15- 4:30 pm

**PLOVERS!** is based on the idea that **positive interaction** with the natural environment and close peers is essential for healthy child development, as well as for encouraging a lasting respect and love of the outdoors through their lives.

**PLOVERS!** mixes play, sensory experience and direct interaction with the sanctuary habitats and organisms. **PLOVERS!** Will involve storytelling, hands on science experiments, and creative expression to reinforce the experiences your little plover will discover here at the Sanctuary.

*"It's been an absolute joy watching my son and the other children with Lisa Ladybug. The parents all adore the program, We love the content, location and style of PLOVERS! program. And, at this point, can't imagine our kids not in it!"—A.J. PLOVERS! Mom 2009*
